

Projected Income and Distribution statements
For the year from 1 January 2023 to 31 December 2023

HEMARAJ LEASEHOLD REAL ESTATE INVESTMENT TRUST

PROJECTED INCOME AND DISTRIBUTION STATEMENTS

FOR THE YEAR FROM 1 JANUARY 2023 TO 31 DECEMBER 2023

AUDITOR'S REPORT

To WHA Industrial REIT Management Co., Ltd. as the Trust manager of Hemaraj Leasehold Real Estate Investment Trust ("the Trust")

I have examined the projected income and distribution statements for the year from 1 January 2023 to 31 December 2023 ("the projected income and distribution statements") of Hemaraj Leasehold Real Estate Investment Trust ("the Trust") in accordance with the Thai Standard on Assurance Engagements 3400, "The examination of prospective financial information". Management is responsible for the preparation and presentation of the projected income and distribution statements which comprise the projected income and distribution statements, and notes to the projected income and distribution statements and including the significant assumptions set out in Note 2 and accounting policies set out in Note 5.

The projected income and distribution statements have been prepared for the purpose of submitting to Securities and Exchange Commission of Thailand to consider approval on the additional investment no. 4 in leasehold rights of lands and buildings of projects. As the leasehold rights has not yet been transferred to the Trust, in order to assess the future performance of the Trust, the assumptions that are used for the projected income and distribution statements include hypothetical assumptions about future events and management's actions that are not necessarily expected to occur. Consequently, users are warned that the projected income and distribution statements may not be appropriate for any purpose other than that described above.

Based on my examination of the evidence supporting the significant assumptions, nothing has come to my attention which causes me to believe that these significant assumptions do not provide a reasonable basis for the projected income and distribution statements. Furthermore, in my opinion, the projected income and distribution statements have been properly prepared on the basis of significant assumptions, and are consistent with the accounting policies of the Trust as set out in the notes to the projected income and distribution statements.

Events and circumstances anticipated under the significant assumptions set out in Note 2 frequently do not occur as expected. Even if the events anticipated under the hypothetical assumptions occur, actual results are still likely to be different from the projections since other anticipated events frequently do not occur as expected and this variation may be material. Actual results may therefore differ materially from those projected. For these reasons, I do not express any opinion on the possibility that the projected income and distribution statements to unitholders will achieve what these projections suggest.

Restriction on use

The auditor's report has been prepared for WHA Industrial REIT Management Co., Ltd. as the Trust manager for the purpose of submitting to Securities and Exchange Commission of Thailand to consider approval on the additional investment no. 4 in leasehold rights of lands and buildings of projects. It is not for other purpose. I do not have the duty or accept any responsibility for this information being used by other parties or for any other purpose than that described in this report.

1 General information

Hemaraj Leasehold Real Estate Investment Trust ("the Trust") was established on 21 November 2016, with its stated objective being to seek funds from general investors for the investment in leasehold properties and generating benefit from such properties including improving, altering, developing or disposing of other assets in which the Trust invests or possesses whether by way of lease, sub-lease or sale or other processes for the benefits of the property and to generate revenue and returns to the Trust and the unitholders. This includes the investment in other assets or other securities and/or seeking other interests by other means as stipulated in the securities laws or other relevant laws.

The projected income and distribution statements for the year from 1 January 2023 to 31 December 2023 have been prepared for the inclusion in the prospectus to the Securities and Exchange Commission of Thailand for the additional investment no. 4 of 7 projects from WHA Industrial Development Public Company Limited and its affiliates which are owners of the freehold rights of the properties of the additional investment no. 4 (together "the Property owner"). Therefore, these projected income and distribution statements should not be used for other objectives than stated above.

The projected income and distribution statements have been approved by the Board of Director of WHA Industrial REIT Management Co., Ltd. on 25 May 2022.

The Trust's existing properties comprise 7 projects of the leasehold rights of lands and buildings, including warehouses, factories and other properties which are components of lands and buildings, tools, equipment, infrastructures and other related and necessary assets for the use of lands and buildings, approximate leasable area of buildings 380,632 square metres and approximate leasable area of buildings' roof 179,648 square metres for generation and distribution of electricity business from solar energy systems.

The additional investment no. 4 comprises 7 projects of the leasehold rights of land and buildings, including warehouses, factories and other properties which are components of lands and buildings, tools, equipment, infrastructures and other related and necessary assets for the use of lands and buildings, approximate leasable area of buildings 48,186 square metres.

The details of the Trust's existing properties and the additional assets for the investment no. 4 are as follows:

Project	Buildings area (square metres)	Percentage of total area
The Trust's existing properties		
1) WHA Eastern Seaboard Industrial Estate 1 (WHA ESIE 1)	150,828	35.17
2) Eastern Seaboard Industrial Estate (Rayong) (ESIE)	57,752	13.47
3) WHA Chonburi Industrial Estate 1 (WHA CIE 1)	23,916	5.58
4) WHA Saraburi Industrial Land (WHA SIL)	37,714	8.79
5) WHA Logistics Park 1	16,820	3.92
6) WHA Logistics Park 2	56,120	13.09
7) WHA Logistics Park 4	37,482	8.74
Total of the Trust's existing properties	380,632	88.76
The additional assets for the investment no. 4		
1) WHA Eastern Seaboard Industrial Estate 1 (WHA ESIE 1)	3,760	0.88
2) Eastern Seaboard Industrial Estate (Rayong) (ESIE)	10,720	2.50

4) WHA Logistics Park 1	8,844	2.06
5) WHA Logistics Park 2	12,623	2.94
6) WHA Logistics Park 4	10,427	2.43
7) Hi-Tech Kabin Industrial Estate (KABIN)	1,152	0.27
Total of additional assets for the investment no. 4	48,186	11.24
Grand total	428,818	100.00

2 Significant assumptions

The projected income and distribution statements for the year from 1 January 2023 to 31 December 2023 are based on assumptions that the Trust manager and the Property owners consider appropriate and reasonable at the date of preparation of these projected income and distribution statements. However, investors should consider these assumptions as well as the projected income and distribution statements and make their own assessment of the future performance of the Trust.

The projected income and distribution statements for the year from 1 January 2023 to 31 December 2023 present future performance of the Trust under the assumptions stated below.

Existing Properties

The Trust does not make additional investment. Thus, the projected income and distribution statements will be the future performance of the existing properties of the Trust as at 28 February 2022 and the Trust's expected renewal of rental and service agreements since 1 January 2023.

Properties after the additional investment no. 4

The Trust will make additional investment no. 4 which comprise of 7 projects of the leasehold rights. Therefore, the projected income and distribution statements will be the future performance of the Trust's existing properties and the additional properties from the investment no. 4.

2.1 Rental and service income

Land and buildings

The income is based on the leasable areas, rental and service rates under the rental and service agreements as at 28 February 2022 and expected renewal of rental and service agreements of the Trust. While the assumptions of occupancy rate after the agreements expire are based on several key factors include rental and service rate of the current agreements, rental and service incremental rate in case of renewal of rental and service agreements (if applicable), property valuation data according to appraisal reports of independent appraisers based on the type of the properties. The assumption of occupancy rate during the projected period in each project is in range between 40% and 100% for the leasable area after agreements expire.

Existing Properties

The income which is based on the compensation for vacant area or minimum rental and service income guaranteed by the Property owners for 3 years from the acquisition date that is effective during 2023 is as follows:

	<u>Additional investment no. 3</u>
Compensated income per square metre per month (Baht)	
- Factories - Attached building	164
- Factories - Detached building	189
- Warehouses	150
Expired compensated date	13 December 2023

Properties after the additional investment no. 4

For vacant area of 3,760 square metres of unit B. 18-3 in WHA Eastern Seaboard Industrial Estate 1 (WHA ESIE 1), and leasable area under the rental and service agreements which will expire in 2023, total areas of 18,685 square metres, the income is based on the compensation for vacant area or minimum rental and service income guaranteed by the Property owners for 3 years from the acquisition date as follows:

	<u>Additional investment no. 4</u>
Compensated income per square metre per month (Baht)	
- Factories - Attached building	168
- Factories - Detached building	185
- Warehouses	169

Buildings' roof

Existing Properties

The roof rental income of the initial investment and the additional investment no. 1 is based on the sub-lease agreements between the Trust and WHA Utilities and Power Public Company Limited. The rental rate at Baht 3 per square metre per month with 6% rental rate growth every 3 years. The existing rental agreements cover at least 85% of the total roof areas for three years. When the agreements expire, in case the Trust wishes the sub-lessee to continue the sub-lease, the sub-lessee undertakes to renew the agreements for 4 more terms at the period of 3 years per term, altogether of 15 years from the beginning of the sub-lease period.

The roof rental income of the additional investment no. 2, WHA Industrial Development Public Company Limited or Property owner consents to undertake the rental fees for the vacant roof area at the rental rate of Baht 3 per square metre per month with 6% rental rate growth every 3 years throughout the undertake period of 15 years.

2.2 Other income

The Trust generates interest income from investing cash generated from rental and service income and deposits received from clients in short-term investment. Interest is recognised on an accrual basis and calculated at assumed approximately 0.05% per annum.

2.3 Property management fee

Property management fee comprises property maintenance expenses, insurance premium, security service expenses, central utilities expenses, other property related expenses including commission expenses, and compensation paid to the property manager (exclusive of value added tax, specific business tax or any other similar taxes). According to the Trust's existing property management agreement and the summary of the draft agreement to appoint the property manager for the additional investment no. 4, the rate during 1st to 5th year is at 1.75% per annum and during 6th to 10th year is at 5.00% per annum of the rental and service income (excluding compensated income, roof rental income, and value added tax).

2.4 Management fee and trust management expenses

Management fee	The Trust manager is entitled to receive a monthly remuneration at a rate not exceeding 0.75% per annum (exclusive of value added tax) of the net asset value of the Trust as calculated by the Trust manager and verified by the Trustee and shall not be less than Baht 12.5 million per annum.
Trustee fee	The Trustee is entitled to receive a monthly remuneration at a rate not exceeding 0.75% per annum (exclusive of value added tax) of the net asset value of the Trust as calculated by the Trust manager and verified by the Trustee and shall not be less than Baht 8.0 million per annum.
Registrar fee	The Investment Unit Registrar is entitled to receive a yearly remuneration at a rate not exceeding 0.50% per annum (exclusive of value added tax) of the registered capital of the Trust.
Other administrative expenses	Comprise registration fees with the Stock Exchange of Thailand, audit fees, consultation fees, asset appraisal fees, property survey fees and other miscellaneous expenses. These expenses are calculated based on existing service quotations and estimated other expenses that may be incurred in future.

2.5 Amortisation of issuance costs

Issuance costs comprise filing fees, application fees, fees for other professional advisors in relation to issuing and offering of trust's unit, acquisition fees of the Trust's main assets, and other fees in relation to the investment of properties incurred before 1 January 2020. The fees are recorded as assets and amortised as an expense in the projected income and distribution statements using straight-line method over the period of 5 years.

2.6 Issuance costs for the additional investment no. 4

The Trust's unit issuance costs shall be deducted with the capital received from unitholders to the extent that transaction costs are incremental costs that are directly attributable to the equity transaction that otherwise would have been avoided if the equity instruments had not been issued. The other costs are recognised as expenses.

2.7 Interest expenses

Interest expenses incurred from long-term borrowings are recognised by using the effective interest rate method. Interest rate assumptions of long-term borrowings are rates not exceeding MLR minus 1.50% per annum.

2.8 Projected benefits distribution and capital reduction rate

Projected benefits distribution and capital reduction are calculated based on the assumed projected benefits distribution and capital reduction rate for the Trust's existing properties of not less than 97% of net cash available for benefits distribution and capital reduction. The net profit available for benefits distribution is adjusted with non-cash rental and service income, deferred property management fee, non-cash interest expense, excess liquidity from amortisation of issuance costs, excess liquidity from issuance costs for the additional investment no. 4 and unrealised gain or loss from changes in fair value of properties from annual revaluation (if any). The actual benefits distribution and capital reduction rate may differ from the projected rate subject to the Trust manager's consideration.

2.9 Other assumptions

The projected income and distribution statements for the year from 1 January 2023 to 31 December 2023 are prepared on other assumptions as follows:

- 1) No change in properties during the projected year
- 2) No change in fair value of investment in properties during the projected year
- 3) No further capital raised during the projected year
- 4) No capital expenditure during the projected year
- 5) No significant change in applicable accounting standards, financial reporting standards, or other accounting guidelines during the projected year
- 6) No significant change in taxation legislation and other applicable legislations during the projected year
- 7) All agreements or draft agreements are enforceable and complied
- 8) No estimated tax expenses as the Trust is exempted from corporate income tax
- 9) All lessees follow the rental and service agreements
- 10) No property tax for the additional properties related to the additional investment no. 4 during the projected year since the Property owners bear such tax expenses for 3 years from the beginning of the leased period

3 Property appraisals

The investment in properties and property leasehold rights are stated at fair value with no depreciation charge in accordance with accounting guidelines for the Property Fund, Real Estate Investment Trust, Infrastructure Fund and Infrastructure Trust established by the Association of Investment Management Companies and endorsed by the Securities and Exchange Commission, Thailand. The Trust will conduct an appraisal of the properties every two years from the date of the acquisition or latest appraisal and will update appraisals with a review every year after the date of the latest appraisal.

The property values used in the projected income and distribution statements for the year from 1 January 2023 to 31 December 2023 are their fair values appraised in December 2021 by independent appraisers. The gain from changes in fair value of property and leasehold rights does not have impact on the benefits distribution of the Trust for the projected year ended 31 December 2023 as the calculation of the benefits distribution excludes gain from change in fair value of investments. However, the loss from changes in fair value of property and leasehold rights has an impact on the benefits distribution of the Trust as the calculation of the benefits distribution includes the loss from change in fair value of investments.

4 Sensitivity Analysis

The projected income and distribution statements are prepared based on essential assumptions that have been outlined above. The main factor which significantly impacts the projected income and distribution statements is the rental and service fee rate of renewal agreements or new lessees.

Investors should be aware that future events cannot be predicted with any certainty and actual performance may differ from the projected income and distribution statements. The sensitivity analysis is intended to assist investors in assessing the impact of the main factor on the projected income and distribution statements.

The sensitivity analysis is for illustrative purposes only. Variations between actual performance and performance presented in the projected income and distribution statements could exceed the sensitivity ranges presented below. Moreover, impacts from other variables may increase or decrease variations between actual performance and projected performance.

Rental and service fee rates of renewal agreements or new lessees

There are several factors that affect rental and service rates after the current rental and service agreements expire. Such factors include rental and service rate of the current agreements, rental and service incremental rate in case of renewal of rental and service agreements (if applicable), property valuation data according to appraisal reports of independent appraisers based on the location of the properties. Changes in the rental and service fee rate impact the projected income and distribution statements for the year from 1 January 2023 to 31 December 2023 as follows:

Existing Properties

	1% lower than base case	Base case	1% higher than base case
Projected benefits distribution and capital reduction (Million Baht)			
- Benefits distribution	525.14	528.75	532.36
- Capital reduction	-	-	-
Benefits distribution and capital reduction	525.14	528.75	532.36
Projected benefits distribution and capital reduction per unit (Baht)			
- Benefits distribution per unit	0.63	0.63	0.63
- Capital reduction per unit	-	-	-
Benefits distribution and capital reduction per unit	0.63	0.63	0.63

Properties after the additional investment no. 4

	1% lower than base case	Base case	1% higher than base case
Projected benefits distribution and capital reduction (Million Baht)			
- Benefits distribution	602.52	606.03	609.55
- Capital reduction	-	-	-
	<u>602.52</u>	<u>606.03</u>	<u>609.55</u>
Benefits distribution and capital reduction			
Projected benefits distribution and capital reduction per unit (Baht)			
- Benefits distribution per unit	0.63	0.64	0.64
- Capital reduction per unit	-	-	-
	<u>0.63</u>	<u>0.64</u>	<u>0.64</u>
Benefits distribution and capital reduction per unit			

However, the projected benefits distribution is not considered the effect of the increase (decrease) of the properties' valuation of the Trust. The projected benefits distribution and capital reduction rate are the projection for the year from 1 January 2023 to 31 December 2023 and cannot be guaranteed that the rate will be as projected.

5 Accounting policies

The principal accounting policies adopted in the preparation of these projected income and distribution statements are set out below:

5.1 Basic of the projected income and distribution statements preparation

The projected income and distribution statements have been prepared in accordance with accounting guidelines for the Property Fund, Real Estate Investment Trust, Infrastructure Fund and Infrastructure Trust established by the Association of Investment Management Companies and endorsed by the Securities and Exchange Commission, Thailand (accounting guidelines). For the areas not covered by the accounting guidelines, the Trust applies the requirements in accordance with Thai Financial Reporting Standards issued by the Federation of Accounting Professions which effective on financial reporting period of the financial statements.

The projected income and distribution statements only contain information relating to the projected income and distribution statements, projected rental and service income and net profit from each asset unit, related assumptions and notes to the projected income and distribution statements. However, the projected income and distribution statements do not contain the complete set of financial statements and related notes to financial statements. Therefore, the projected income and distribution statements do not present fairly the financial positions, results of operations and cash flows in accordance with the accounting guidelines.

5.2 Revenues and expenses recognition

Rental and service income under lease agreements of the Trust is recognised by using the straight-line method over the rental and service agreements.

Interest income and expenses are recognised on an accrual basis.

Interest expenses are recognised on the effective interest rate method.

5.3 Issuance costs

Issuance costs incurred before 1 January 2020 are recognised as deferred expenses and amortised as an expense over a period of 5 years on a straight-line basis.

Issuance costs incurred after 1 January 2020 shall be deducted with the capital received from unitholders to the extent that transaction costs are incremental costs that are directly attributable to the equity transaction that otherwise would have been avoided if the equity instruments had not been issued. The other costs are recognised as expenses.

5.4 Investments in properties

The investments in leasehold and freehold land, buildings and equipment are stated at fair value with no depreciation charge. The initial costs of properties have been stated at fair value of the acquisition price plus associated costs. The fair value is based on the appraisal value determined by the independent professional appraisers licensed by the Securities and Exchange Commission Thailand. The Trust will conduct an appraisal of the properties every two years from the date of the acquisition or latest appraisal and will update appraisals with a review every year after the date of the latest appraisal.

A change in the fair value of investment in properties will be recognised in the statement of comprehensive income as a gain or loss from change in fair value of investments for the period in which it arises.

5.5 Distribution

For distribution payment to unitholders, the Trust manager will announce to pay benefits distribution and set unitholders register's book closing date.

5.6 Income taxes

The Trust is exempted from Thailand corporate income tax. No provision for corporate income tax has been made in the projected income and distribution statements.

6 An English Version

While every effort has been made to ensure consistency in translation between the Thai and the English version of the projected income and distribution statements, differences may nonetheless exist. In the event of discrepancy in interpretation between the two languages, the Thai language version of the projected income and distribution statements shall prevail.
